

Barking Alert

Dear Neighbour,

Just a friendly note about your dog's recent barking.

Please don't take this personally. I understand your pet is part of your family. However it's barking is impacting on my family and our lifestyle.

I understand that pets express themselves vocally during work and play, and I am truly happy for you pet to do so.

However, in saying so, I do believe that your dog has become an excessive barker. Instead of complaining to the Council and upsetting who we believe are valued neighbours, I thought I would approach you first.

I believe I have found a simple yet effective solution to excessive barking dogs.

It is a guaranteed method of controlling and/or limiting problem barking, by simply using a control collar. They are safe, humane and very easy to use, giving you long term, lasting results.

You can visit the ***Canine Perfection*** website at ***www.canineperfection.com.au*** or give them a call on **0458 226463**.

They will only be too happy to help!

Again, I do feel bad for having to do this but I am sure this situation can be rectified easily without starting a neighbourhood feud.

Yours Sincerely,
Concerned but helpful neighbour!
